The 32nd City Wide Prayer Rally was held Friday, January 21, 2011 at Southside Victory Church Fellowship, beginning with a time of reflection and prayer, graced by the presence of the Holy Spirit introduced by Margaret Graham and her worship team from Harvest Christian Fellowship.

A number of presenters shared their hearts concerning prayer, including Rev. Murray Dodds who led the congregation through a time of personal and corporate repentance representing each quadrant in the city of Calgary.

Phil Jones, an internationally known intercessor shared a vision the Lord had given him concerning God's power and how transformation begins through that power as we allow God to release it through us in prayer and intercession. Rev. Dr. Alistair Petrie shared on current global affairs and provided several examples on how transformation can take place in the city of Calgary. Dr Petrie gave the charge to everyone present to continue to pray, how critical it is that one never gives up! Greg Denie shared Spoken Word, speaking first on the battle the youth of today is against and later on how God can transform each one. Alison Springer brought the youth of the city forward in prayer and partnered with Pastors John Teibe and John Hutchinson to lead the elders to pray for the youth, and the youth to pray for the pastors and older generations.

God was indeed present at this Rally and those who attended have reported they felt they had met with the Lord.
