

Report: April 16, 2011

"The Power to Change" Prayer Seminar With Daniel Henderson

Guest Speaker: Dr. Daniel Henderson, Strategic Renewal International

Worship Leader: Margaret Graham, Harvest Christian Fellowship
Joe Sinanan, Calgary Full Gospel Church

For the nearly 150 people who attended the prayer seminar on Saturday, April 16th, life will never again be the same!

Dr. Daniel Henderson of Strategic Renewal International took the group through a series of Scripture passages and life lessons surrounding transformational prayer to illustrate the fact that too many believers pray simply out of crisis or from a "grocery list" of needs instead of God's calling for His people to experience transformation in His presence.

Margaret Graham led the morning session of praise and worship, bringing people to the foot of the cross in both attitude and action. What a beautiful sense of God's Spirit descended upon the group!

Pastor Daniel then led the congregation to a time of seeking the face of God and worship-based prayer, with the assistance of Joe Sinanan, who led praise and worship during the afternoon. Dr. Henderson spoke about how Christians are able to pray with confidence, and how to overcome worry.

Comments after the seminar indicated a renewed sense of the Lord's presence in many hearts. We are so thankful to Him for His provision and transforming power for our city!
